A chance to see of the most important historical sites in the UK! Stonehenge is one of the most important prehistoric sites in the world and is a UNESCO world heritage site, having been erected in the Neolithic period around 2500BC.

This will be a circular walk starting from Salisbury, taking in the sights of Old Sarum and the River Avon before making our way through farmland towards Stonehenge. Although we will not enter the Stonehenge site we will have excellent views of the ancient sites and other ancient monuments nearby. We will return to Salisbury via Amesbury by bus before driving back to Oxford.
